

RAF and Flying Corps War Memorial , Fowlmere

We were happy to be commissioned to produce the new war memorial in Fowlmere, Hertfordshire.

A dark grey Granite Memorial was positioned on a base, complete with incised and silver enamelled lettering and 'Per Ardua Astra' Badge detail to the top centre.

We had to carefully dismantle the existing memorial that Hibbitt Masonry previously supplied, it was re-positioned in its new location along side the new war memorial, they both now stand proudly alongside each other.
